

ERGONOMY | PRECISION | RELIABILITY

Screwing your precious timeparts requires special attention, which is why we've been putting all our know-how into the manufacture of top-of-the-range watchmaking tools for over 25 years. To complete our range of screwdrivers, we now provide an ergonomic and precise fixed screwdriver. It features a head for adding our ACR bits. Easy to use, it's the essential tool for your workshops.
